

# Area #1 Specification Sheet

## Reflection Garden

### Location:

- North and East of Employee Entrance

### Maintenance Required:\*

- Heavy weeding and watering requirements
- Clean/maintain water feature; prep for spring and fall
- Plant/maintain six planter urns with annuals
- Sweep/maintain walkways and seating area
- Continue development of Garden by installing plantings per landscape plan
- Maintain lighting
- Rake leaves and remove debris as required

### Approximate Time Commitment

- Two hours per week

### Assistance Provided:

- \$100/year from church landscape budget. Additional plantings can be purchased by the area caretakers or given per the wish list. (List of plantings and cost of those plants listed in Garden landscape plan. See Green Thumb Consultant).
- Maintenance/infrastructure items (mowing, turf maintenance, covered under Landscaping budget).
- Information from certified master gardeners and landscape architects (Green Thumb Consultants) to help you plan, select, plant, and maintain your Spot.
- Fertilizer, water hoses, and basic gardening tools. Mulch, landscape cloth, stone, benches, planter urns and other hardscape materials per Garden landscape plan. See Green Thumb Consultants.

### Recommended Team Size:

- Team of four or more. Volunteers welcome!

### Commitment Duration:

- One year

### Helpful Contacts

- Stephanie Verhelst (Landscape Architect)
- Bob Bennin (Certified Master Gardener)
- Ken Spielman (Flower and Plant Specialist)

\* Maintenance requirements vary by time of year. Spring will require more work than fall. No work required in winter. Weeding and watering will be frequent tasks throughout the growing season.
